Marvin Fretter (16.01.1994)
This transcript lists all courses that the student has successfully passed, up until the date of issue.
Courses which the student has dropped or failed are not listed.

The number of credit points is only shown for modules which the student has fully completed. A module can consist of one or more courses. The Bachelor's degree programme has a standard period of study of seven semesters.

In order to graduate, the student needs to accumulate 210 credit points (ECTS).
This transcript is not to be construed as proof that the student has obtained his/her Bachelor's degree. It is valid without a signature.
