Sept. 5, 2014

Assoc. Prof. Ma. Elena J. Manansala
Dean
Faculty of Pharmacy

Dear **Dean Manansala:**

I, Alexis Danielle Y. Co of 4CL- Pharmacy, would like to show my interest in joining the group of the University's Pharmacy students in the Student Mobility Program to be held on November in Thailand.
Being with the students from Mahidol University last month, I would like to learn more about the difference between the practice of pharmacy in Thailand and here in Philippines. I recently knew that their pharmacy curriculum is different from ours. I would like to take this opportunity to immerse in their classes and programs to be able to expand my knowledge in pharmacy not only limited in the local setting. Moreover, it would be a great experience for me to immerse with the colors of the Thai culture.

As the Vice President-External of the Junior Pharmacists' Association-Gamma Chapter, I am glad that it had been a wonderful experience for our organization to spearhead some of the events for the Mahidol students. Furthermore, I was amazed that most of the Thai students can speak Mandarin, with this; I was able to establish good relationship and bond within the weeks of their visit. In line with my responsibility as the head of the external affairs of our organization, it would be an opportunity for me to express my skills and knowledge.

One of the goals of the university is to be able to establish holistic development of the Thomasian identity. I hope that you will find me well-suited for this program as it would be a great honor for me to represent UST and Faculty of Pharmacy.

Yours truly,

Alexis Danielle Y. Co
4CL-Pharmacy
