Dear Mr. Upatising

The Department of Biochemistry, Faculty of Pharmacy, University of Santo Tomas, Manila, Philippines conducts an on-the-job training (OJT) program for our in-coming senior undergraduate students in the 3rd Term (June-July) prior to their last school year in the University. The main objective of this program is to enrich the practical experience of our students along their fields of specialization, thus, adequately preparing them for future employment.

In this regard, I take the pleasure of recommending MS. ERYKA MARIE P. PANGAN, an in-coming fourth year BS Biochemistry student for training in MAHIDOL UNIVERSITY, DEPARTMENT OF BIOCHEMISTRY, FACULTY OF PHARMACY from June to July 2015. Any assistance in this regard will be highly appreciated.

Thank you very much.

Truly yours,

Andrea G. Vargas
