Deputy Dean for International Relations
Faculty of Pharmacy, Mahidol University
447 Sri-Ayudthaya Rd., Payathai, Ratchathevee
Bangkok 10400, Thailand.

Dear Associate Professor Dr Usa Chaikledkaew,

INDUSTRIAL ATTACHMENT FOR PHARMACY DEGREE STUDENTS 2015

In view of the need for students to gain exposure in industry, Faculty of Pharmacy, UiTM Puncak Alam campus has integrated an industrial attachment as an essential module for all third year Pharmacy Degree students. As such, we wish that you could grant the students an opportunity for learning at the **Center of Analysis for Product Quality (CAPQ), Mahidol University, Bangkok Thailand**. These students have undergone a series of theory and practical courses encompassing pharmaceutics, pharmaceutical technology, industrial pharmacy, pharmaceutical chemistry, pharmaceutical analysis as well as biomedical science.

2. For 2015, the industrial attachment is planned to take place from **20th July to 3rd September 2015 (7 weeks)**. The students are expected to work during the operating hours of the organization and learn from various sectors of the organization.

3. We sincerely hope that you could help us in making this program a success. Should you have any enquiry, please do not hesitate to contact Dr. Nor Khaizan Anuar (+603 - 3258 4830/+6019-2114004) email: norkhaizan@puncakalam.uitm.edu.my alternate email: al_zahra55@yahoo.com.

Thank you.

Yours sincerely,

DR. NOR KHAIZAN ANUAR
Industrial Attachment Coordinator

Anie (MY.D_Latihan Industri 2015)
