Degree Program Maschinenbau - Mechanical and Process Engineering, B.Sc. Maschinenbau - MPE

TECHNISCHE UNIVERSITÄT DARMSTADT

Name: Mentz, Alexander Michael
Date of birth: 1992-05-25
Registration number: 1954265

Technische Universität Darmstadt
Karolinenplatz 5
64289 Darmstadt
Printed: 2016-11-22

Examination	Grade	CP*	Examiner	Date
B.Sc. Maschinenbau - Mechanical and Process Engineering (2007)		**172,0**		
Compulsory Courses				
1st semester				
Work Techniques	1,30	1,0	Bruder, R.	2012-03-26
Introduction to Mechanical Engineering	passed	1,0	Pelz, P.	2011-12-14
Fundamentals of Data Processing	2,30	4,0	Anderl, R.	2012-02-14
Calculus I (Mechanical and Process Engineering)	2,30	8,0	Jahnke, P.	2012-03-20
Natural Sciences I	3,30	4,0	Oechsner, M.	2012-03-02
Engineering Mechanics I (Statics)	2,70	6,0	Oberlack, M.	2012-02-20
Production Technology	4,00	6,0	Abele, E.	2012-02-27
2nd semester				
Introduction to Computer Aided Design (CAD)	2,30	4,0	Anderl, R.	2012-08-28
Introduction to Electrical Engineering	2,70	6,0	Schlaak, H.	2012-07-31
Calculus II (Mechanical and Process Engineering)	2,00	8,0	Jahnke, P.	2012-08-21
Natural Sciences II	3,30	4,0	Birkl, G.	2012-07-19
Engineering Mechanics II (Elastostatics)	3,70	4,0	Becker, W.	2013-07-29
Materials Technology and Testing	3,30	4,0	Oechsner, M.	2012-03-19
3rd semester				
Machine Components and Mechatronics I	4,00	8,0	Rinderknecht, S.	2013-03-05
Calculus III (Mechanical and Process Engineering)	3,70	4,0	Lang, J.	2013-04-05

In accordance with degree program guidelines, the current cumulative grade point average is calculated to be: 2,89

The general examination is not completed yet.

*) The total credits refer to all academic achievements, including additional course achievements not related to the chosen degree.
This document was created automatically and is valid even without signature or seal.

Grading scheme: 1,00 - 1,59 = very good; 1,60 - 2,59 = good; 2,60 - 3,59 = satisfactory; 3,60 - 4,09 = sufficient; for an average from 4,1 = failed; passed (without grade); failed (without grade)

This transcript of records lists passed examinations only and does not imply the right to further examinations.

Examination	Grade	CP*	Examiner	Date
Natural Sciences III	3,00	4,0	Hampe, M.	2013-02-16
Engineering Mechanics III (Dynamics)	3,00	6,0	Markert, R.	2014-02-25
Technical Thermodynamics I	2,70	6,0	Stephan, P.	2013-03-15
Strength of Materials and Components	3,70	4,0	Oechsner, M.	2012-10-05
4th semester				
Machine Elements and Mechatronics II	3,30	8,0	Kirchner, E.	2016-07-29
Measurement Techniques for Mechanical Engineering	3,70	4,0	Dreizler, A.	2013-09-27
Numerical Analysis (Mechanical Engineering)	3,00	4,0	Lang, J.	2014-08-12
Physics Laboratory Course for Mechanical Engineering	2,30	2,0	Blochowicz, T.	2013-07-12
Product Design Project	4,00	4,0	Bohn, A.	2013-07-19
Fundamental Fluid Mechanics	3,00	6,0	Tropea, C.	2015-07-22
Technical Thermodynamics II	3,30	2,0	Stephan, P.	2013-06-14
5th semester				
Advanced Dynamics	2,70	6,0	Schweizer, B.	2015-03-16
Control Engineering	3,00	6,0	Klingauf, U.	2015-02-27
Heat and Mass Transfer	2,30	4,0	Stephan, P.	2016-10-05
6th semester				
Philosophy for Mechanical Engineers	2,00	6,0	Hampe, M.	2014-07-16
Electives				
Fundamentals of Turbomachinery and Fluid Systems	4,00	8,0	Pelz, P.	2016-08-18

In accordance with degree program guidelines, the current cumulative grade point average is calculated to be: 2,89

The general examination is not completed yet.

*) The total credits refer to all academic achievements, including additional course achievements not related to the chosen degree.
