UNIVERSITY OF BRISTOL TRANSCRIPT / DIPLOMA SUPPLEMENT

Academic Information for undergraduate programmes (including Integrated Master's programmes)

1. The number and level of credit points required for each qualification is detailed in the University's credit framework available at: www.bristol.ac.uk/academic-quality/assessment/regulations-and-code-of-practice-for-taught-programmes/programme-design/#creditframework.
2. The normal requirement for each full-time year of undergraduate study is not less than 120 and not more than 130 credit points. The University is in alignment with the European Credit Transfer System (ECTS). As an approximate measure, there are normally 60 ECTS credit points in one full-time undergraduate year of study.
3. The University's qualifications are awarded at five different levels, as follows: Certificate of Higher Education (at level 4), Foundation Degree (at level 5), Bachelor's Degree (Honours and Ordinary) (at level 6), Master's Degree (at level 7) and Doctoral Degree (at level 8) as detailed in the QAA Framework for Higher Education Qualifications of UK Degree-Awarding Bodies. See: www.qaa.ac.uk/en/Publications/Documents/qualifications-frameworks.pdf.
4. With approval from the relevant Faculty, students with prior learning may be admitted directly into an undergraduate programme of study in accordance with the University's policy on the Recognition of Prior Learning in taught programmes. See: www.bristol.ac.uk/academic-quality/assessment/regulations-and-code-of-practice-for-taught-programmes/rpl/. Individual cases are considered on their merit.
5. On the University Transcript / Diploma Supplement, the title of the programme and units taken by the student are shown for each year of study. Against each unit is shown: its level, status, the first attempt mark (0-100) and outcome, the second attempt mark (if more than one attempt taken, 0-100) and outcome, and the credit value of the unit.

Explanation of Unit Status Symbols:

C	Compulsory	O	Optional	V	Voluntary

Explanation of Outcome Symbols:

For the purposes of determining progression and degree classification, the mark is capped at 40 for units at levels 4, 5 and 6, and at 50 for level 7 where the pass mark is achieved at the second attempt. For the non-modular professional programmes: Veterinary Science, Medicine and Dentistry, second attempt marks are capped at 50.
6. Progression from year to year, the award of a qualification and/or the degree classification may not be based on all of the marks shown, or on a simple numerical count or average. Please see the University's Regulations and Code of Practice for Taught Programmes for further information: www.bristol.ac.uk/academic-quality/assessment/codeonline.html. If a student has chosen to take more than the required units for his/her programme ("voluntary units"), neither the credit nor the marks accumulated from such units count towards their final award.

Degree Classification Bands:
*All Faculties**

First Class Honours	70 and above
Second Class Honours, First Division	60-69
Second Class Honours, Second Division	50-59
Third Class Honours	40-49
Fail	39 and below

Ordinary degree
An Ordinary degree can be awarded if a student has successfully completed at least 300 credits with a minimum of 60 credits at level 6.

Aegrotat awards
An Aegrotat award is given when a student is unable to complete a programme of study due to illness or other substantial cause and does not qualify for an award, which otherwise would have been achieved in the judgement of the faculty board of examiners, if circumstances had permitted (see Ordinance 18 for further information: www.bristol.ac.uk/university/governance/constitutionaldocs/charteractsstatutesordinances/).

* The pass mark for the non-modular professional programmes in Veterinary Science, Medicine, and Dentistry is 50. The bands above do not apply to these programmes, which have a separate system for classifying degrees, see: www.bristol.ac.uk/academic-quality/assessment/regulations-and-code-of-practice-for-taught-programmes/awards-ug-nonmodular/.
